## INSTRUCTIONS

When printing this guide please select 'None' under the page scaling section.

NOTE: To ensure you have printed the Foot Measurement Guide at 100% size and joined the two A4 sheets together correctly, the distance from the "Heel Line" and the "Commandos Size 12" should be 300mm. If the distance is not 300mm double check your printer settings and ensure the printers "Page Scaling" options is set to "None".

## FOOT MEASUREMENT GUIDE

### Measure Both Feet - Order Longer Foot

This foot measure is intended as a guide only, and for fitting accuracy we recommend that you try on the footwear.

For best results:

- Place heel against vertical upright while standing
- Wear your normal sock and measure the length of both feet and fit longest foot
- If your toe crosses a line select the next largest size
